Economy shows success of Atmanirbhar Bharat Initiative: President Kovind

AGENCY
NEW DELHI, JAN 25

India's economy is on the move again despite the challenges posed by COVID-19, President Ram Nath Kovind said on Tuesday and noted that the economy is projected to grow at an impressive rate in this fiscal after going through contraction last year.

In his address on the eve of 73rd Republic Day, the President said the government has shown relentless focus on

reforming every economic sector and providing a helping hand wherever necessary.

"It is a testimony to India's spirit in the face of adversity that the economy is projected to grow at an impressive rate in this fiscal, after going through contraction last year. This shows the success of the Atmanirbhar Bharat Abhiyan launched in the previous year. The government has shown relentless focus on reforming every economic sector and providing a helping hand wherever necessary," he said.

The President said the government has been able to

promote merit while also stressing upon all-round inclusion.

"It is gratifying to note that India has found a place among the top 50 innovative economies. It is all the more satisfying to note that we have been able to promote merit while also stressing upon all-round inclusion," he said.

He said the "impressive economic performance" has been made possible due to improvement in the agriculture and manufacturing sectors.

SC notice to Centre, EC on PIL against freebies by political parties during polls

AGENCY
NEW DELHI, JAN 25

The Supreme Court on Tuesday issued a notice to the Centre and Election Commission of India seeking direction to seize election symbols and deregister political parties that promised to distribute irrational freebies from public funds.

A Bench of Chief Justice of India NV Ramana, Justices AS Bopanna and Hima Kohli agreed to hear the plea and observed that it's a serious issue that may influence the electorate and affect the fairness of polls.

"It's a serious issue no doubt. Freebie budget is going beyond regular budget. Even though it is not a corrupt practice but it creates

a uneven level playing field," the Bench said while posting the matter for hearing after four weeks. During the hearing, petitioner Ashwini Upadhyay's counsel Vikas Singh argued that the money of citizens of this country is at stake here. "There are States which have a debt burden of 3 lakh per person and then freebies are being offered. Election

Commission framed guidelines without any teeth. Every party is doing it, I don't want to name," senior advocate Singh said. To this, the CJ asked if every party has indulged in freebies, why the petitioner has mentioned only two political parties in the plea. "If every party is doing this why you mentioned only two parties in your petition?"

Frequent elections hamper progress: PM

AGENCY
NEW DELHI, JAN 25

Saying frequent elections hamper the country's progress, Prime Minister Narendra Modi on Tuesday urged the people, academics, experts and intellectuals to discuss the idea of 'One nation, One election'. Modi made the observation while interacting with BJP workers from Gujarat when he expressed concern over low voter turnout in successive elections. "In the 1951 general elections, only 45 per cent eligible population exercised their franchise. In 2019, the turnout was 67 per cent. Everyone ... should spare a thought about the low voting percentage in the elections," he said. Citing low voter turnout in urban areas, he said: "People in these areas

talk about elections on social media but the percentage of polling remains low. Such a situation should change in a vibrant democratic country." On the occasion of National Voters' Day, Modi urged booth level workers to ensure 75 per cent polling in any election by encouraging people to vote.

"For us, election is a festival of democracy. We should not fight elections only to come to power but fulfill the expectation of the people," he said. The Prime Minister lauded the Election Commission. "From 1950 till today, it has increased its dignity by conducting free and fair elections. India is among those countries where the EC can ... transfer officials. In many democratic countries, the election panel does not have such power."

Chandigarh Youth Congress's question
on teacher's recruitment process

**RAJIV JAIN
CHANDIGARH, JAN 25**

In the recruitment process to meet the shortage of teachers in the government schools of Chandigarh, the recruitment proposals were prepared by the officials wrongly in violation of the rules of the central government by bypassing the rules. Due to the ignorance of the rules, that file has come back to the Education Department, for which Youth Congress leader Sunil Yadav and General Secretary Vinayak Bangia have raised questions on the intention of the officers, according to them, the department is going to recruit two cadres simultaneously, in which both of them will be recruited. The rules are differ-

ent, then why such a joint proposal was sent to the personal department, for this, immediate action should be taken against the officials of the concerned education department.

A few years ago, the youth Congress had expressed concern after the RTI

revealed that a large number of vacant posts of teachers were lying vacant, in this regard, they had also met the then Education Secretary BL Sharma and asked him to fill these vacant posts at the earliest. Had demanded.

Yadav said that the news of shortage of teachers in a modern city like Chandigarh is very shocking. Although the literacy rate in Chandigarh is better now, it may decrease in future due to shortage of teachers. The authorities should take appropriate steps on this.

Youth Congress have also sent a letter to the advisor to the Chandigarh Administrator and the Director of School Education in this regard.
