## Man from Mohali found dead in car

**MOHALI:** Few hours after a man was found dead with a gunshot injury in a car in Mohali, Senior Superintendent of Police (SSP) Vivek Sheel Soni said that prima facie it seems to be a suicide case. The body of Karanpal Sharma, a resident of Jal Vayu Vihar in Mohali was found in his Creta car near his residence on Wednesday morning at around 0600 hours. "There is an entry wound of a bullet on the right side of his head. The pistol from which the fire happened was recovered from his right hand," said the SSP, while adding that the forensic team reached the spot and examined the scene of crime.

## Lady Head Constable booked for demanding bribe

**CHANDIGARH:** Haryana State Vigilance Bureau has registered a case against a lady Head Constable posted in Kaithal district for allegedly demanding a bribe of Rs 8,000 from a local resident in lieu of dropping his son's name in a case registered in Kaithal Civil Line Police Station, officials informed on Wednesday. Sharing this information here on Wednesday, a spokesperson of the Vigilance Bureau said that lady Head Constable Mahindro Devi has been booked under the Prevention of Corruption Act on the complaint of Rampal of Janakpuri colony, Kaithal.

## Boy kills mother as she stops him from playing PUBG

**LUCKNOW:** A 16-year-old boy allegedly shot dead his mother as she stopped him from playing the online game PUBG and kept her body hidden in the house for two days, police said on Wednesday. He allegedly threatened his nine-year-old sister not to reveal the incident to anyone and used a room freshener to hide the smell of the decomposed body, police said, adding the boy informed his father, an Army personnel posted in West Bengal, only when the smell became unbearable.

## PSPCL assures 8 hours power supply to farmers for paddy

# EMIs to rise as RBI hikes repo rate by 50 bps

AGENCY  
MUMBAI, JUN 8

Home, auto and other loan EMIs will rise after Reserve Bank of India on Wednesday raised the key interest rate by 50 basis points, the second increase in five weeks, to rein in rise in prices that it saw continuing to hurt consumers in the near term.

With inflation persistently hovering above the upper tolerance limit of 6 per cent, the RBI's six-member rate-setting panel voted unanimously to raise the lending rate of the repurchase (repo) rate by 50 basis points to 4.90 per cent, Governor Shaktikanta Das said.

The Standing Deposit Facility rate and the Marginal Standing Facility Rate were accordingly adjusted higher by the same quantum to 4.65 per cent and 5.15 per cent, respectively.

The increase follows a 40 bps rise in early May at an unscheduled meeting that kicked off the central bank's tightening cycle.

To balance the inflation-growth dynamics, Das said RBI will remain focused on the withdrawal of accommodation as system liquidity continues to be high. Withdrawal of accommodation will be done in a way that growth will continue to get adequate support.

The Monetary Policy Committee

(MPC) raised its inflation forecast for the current fiscal (April 2022 to March 2023) to 6.7 per cent from April prediction of 5.7 per cent but retained its economic growth projection at 7.2 per cent.

"Inflation has steeply increased beyond the upper tolerance level," Das said announcing the policy decisions. "Upside risks to inflation as highlighted in last policy meetings have materialised earlier than expected."

Food, energy and commodity prices remain elevated.

It also suggests that most of the excess inflation is due to global/supply-side factors.

Inflation will likely remain above RBI's upper tolerance band until De-

## Guv bats for cut in state taxes on petrol, diesel

**NEW DELHI:** Lending support to the Union government's pitch for states to reduce sales tax (VAT) on petrol and diesel, Reserve Bank of India (RBI) Governor Shaktikanta Das on Wednesday said a cut in VAT on fuel will help soften inflationary pressures as well as expectations. The central government had on May 21 cut excise duty on petrol by a record Rs 8 per litre and that on diesel by Rs 6 to give relief to consumers battered by high fuel prices that have also pushed inflation to an all-time high. At that time, it asked states to lower VAT to further provide relief. Almost no state reduced VAT. Announcing the bi-monthly monetary policy, Das said a quick survey of urban households undertaken after the excise duty cuts on petrol and diesel on May 21 showed a significant moderation in their inflation expectations.

ember, he said, adding that 75 per cent of the increase in inflation forecast is on account of a spike in food prices which are due to war in Ukraine.

The rate hike on May 4 and on Wednesday comes after 11 consecutive times of the RBI holding interest rate at a record low of 4 per cent.

Das mentioned that even after the hikes, the policy rate is below the pre-pandemic level of 5.15 per cent.

RBI cut the repo rate by 250 basis points since February 2019 to help revive the growth momentum. This included a 115 bps cut between March 2020 and May 2020 to soften the

blow from the COVID crisis.

Inflation has been above RBI's target range of 2-6 per cent since the beginning of the year. With the ongoing Ukraine war and the COVID issues in China, the supply chain disruptions continue to affect global inflation. Retail inflation in April accelerated to 7.79 per cent from a year earlier.

"We believe that more rate hikes are likely in the next 2-3 policy meetings given that RBI has revised its headline inflation forecast sharply upwards," said Suman Chowdhury, Chief Analytical Officer, Acuit Ratings & Research.

## Manohar Lal reviews 37 important projects worth more than Rs 100 crore

BUREAU  
CHANDIGARH, JUNE 8

Haryana Chief Minister, Sh. Manohar Lal said that the rural area roads adjoining cities will soon be upgraded to four-lane so that the movement of traffic becomes more convenient.

Sh. Manohar Lal said this while presiding over a review meeting of projects worth over Rs 100 crore of various departments held here today. He reviewed 37 projects worth Rs 8256 crore being executed by six Departments.

While giving necessary directions to the officers, the Chief Minister said that a separate portal should be developed and the departments should upload all the neces-

sary details on it as soon as the works of the big projects are completed. The Chief Minister said that the roads leading to cities as well as villages up to 10 kms would be upgraded to four lanes.

Along with this, welcome gates will be built on them and saplings will also be planted so as to ensure consistent beautification around the cities across the state as well as rejuvenation of the outer areas. The Chief Minister directed the officials of the Power Corporation to expedite the installation of smart meters of electricity. In order to provide the benefit of this scheme to the citizens, wide publicity of the 5 percent rebate being given to the consumers should be ensured.

## Moosewala case: Punjab Police seeks extradition of gangster Goldy Brar

SHASHI PAL JAIN  
CHANDIGARH, JUNE 8

After gangster Goldy Brar claimed responsibility for Sidhu Moosewala's murder on behalf of the Lawrence Bishnoi Gang, the Punjab Police is making strenuous efforts to bring the culprits to book, officials informed on Wednesday.

Satinderjit Singh alias Goldy Brar, a native of Sri Muktsar Sahib who had gone to Canada on a student visa in 2017, is an active member of Lawrence Bishnoi gang.

An official Spokesperson of Punjab Police informed that the Punjab Police on May 19, 2022, ten days before the murder of Sidhu Moosewala, had already sent the proposal to the Crime Bureau of Investigation (CBI) to issue Red Corner notice against Goldy Brar, which will pave the way for his extradition to India.

He said that the proposal was sent on the basis of two cases including November 12, 2020 FIR under sections 307/427/148/ 149/120-B IPC, 25/27/54/59 Arms Act, Faridkot City Police Station,

and February 18, 2021 FIR under sections 302/120-B/34 IPC, 25/54/ 59 Arms Act, Faridkot City Police Station. Punjab Police has also sought issuance of Red Corner Notices (RCNs) against gangster-turned-terrorist Harwinder Singh Sandhu alias Rinda of village Rattoke, Tarn Taran, which has been sent to the CBI on May 5, 2022. Rinda, who is responsible for inducting and operationalising many terrorist modules in Punjab in the recent past, is now based in Pakistan. He who is being backed by Pakistan's ISI, has also been responsible in smuggling in huge quantity of arms and ammunition in India. Huge quantity of Arms/Ammunition and IEDs recovered from four terrorists arrested in Karnal in a joint operation with Punjab police, also belonged to Rinda. Most recently, Rinda was responsible for RPG attack on Intelligence Headquarters through his operatives, Grenade attack on CIA Office, SBS Nagar in November, 2021, IED attack on police post Kahlwan in Anandpur Sahib, Rupnagar.

NEW DELHI, JUN 8

Music great A R Rahman has been named the ambassador of British Council's 'India-UK Together Season of Culture', which aims to boost collaboration among emerging artists.

The 'Season of Culture' that marks the 75th anniversary of India's independence was officially launched on Tuesday here by Britain's Deputy High Commissioner to India Jan Thomson and Director (India) of British Council Barbara Wickham.

Rahman said as an artiste, it is a pleasure to be part of an innovative cultural programme which supports creative excellence and artistic appreciation; and brings diverse audiences together.

"Today, creative expression and exchange can nurture young talent and create a global stage for fair and equitable access to arts," he added.

Wickham said Rahman has been a significant adviser to the 'Season of Culture' and his work and professional journey truly embody what the 'Season of Culture' stands for - work-

ing together, and artistic output that captures the imagination of the world.

Over 1,400 artistes will showcase their collaborations to millions of audiences across India, Britain, Scotland, Wales and Northern Ireland, through a wide array of arts such as theatre, dance, visual arts, literature, music, architecture, design, fashion, tech-art, and new media art.

The 'Season of Culture' aims to build on the British Council's work in India and strengthen India-UK collaboration in the areas of arts, English and education.

Sports reveals hidden talents in players: Chawla

**SHIV KUMAR SHARMA**  
**KARNAL:** A cricket tournament was organised in village Bansa of the district in which municipal councillor and Jannayak Janata Party's area president Amandeep Chawla attended as the chief guest. Cricket tournament organiser Bichitar Singh and Naseeb Singh welcomed Amandeep Singh Chawla. On this occasion, Municipal Councillor Amandeep Chawla inaugurated the cricket tournament by cutting a ribbon in the playground. Amandeep Chawla encouraged all the players. On this occasion, the organisers of the cricket tournament Bichitar Singh and Naseeb Singh said that a total of 32 teams from other states including Haryana and Punjab will participate in this cricket tournament. On this occasion, Amandeep Chawla said that sports are our cultural and ancient heritage.

Such sports competitions bring out the hidden talent in the players. Players highlight the name of themselves and their village, country and family with their sports talent. Sports help in physical and mental development of a person. The player must follow the rules of the game. The game should be played in the spirit of the game. At the same time, Chawla said that the coalition government of the state is increasing the honor of the players by running various schemes for the players.

High standard of teaching in Johad Majra village govt school

**MAINPAL KASHYAP**  
**INDRI, JUNE 8**

The special thing about the Government Middle School of Johad Majra village of Indri is that not only the common people but the teachers also want to enroll their children in this school. From teaching cleanliness to digitisation, this school is giving competition to private schools. Not only this, the children studying here speak fluent English. Despite being a middle school, it has a science lab and along with sports, the children are also trained in dancing and singing talent. The entire school is equipped with CCTV cameras.

The headmaster of the school, Surendra Sharma, said that the only motive behind teaching children in government schools is to give better education to their own children as well as to the children of others. Therefore, education is many times better than private schools here. The children who pass out from here perform well in competitive examinations. He said that despite being a middle

school, there is a facility of smart class and science lab. Along with cleanliness, special emphasis is laid on greenery in the school. Surender Sharma said that this school has come first in the block for its beauty and studies. And now we are preparing to come first in the district.

School teacher Balwan Singh said that this rejuvenation of the school has been done by motivating the staff and children, he said that the entire campus of the school is equipped with CCTV and inspirational slogans have been written on the walls so that the child becomes positive.

VB unearths scam of bogus tax collection  
at state check post, arrests two officials

**CHANDIGARH JUNE 8**

The Punjab Vigilance Bureau has unearthed a scam by arresting two officials of transport department Harpal Singh and Salinder Singh who used to usurp the taxes collected from the commercial vehicles entering in the state at Tax Collection Centre, Jharmari, Lalru in SAS Nagar district with the help of fake computer software as well as bogus stamps/seals.

Disclosing this here on Wednesday a spokesperson of the Vigilance Bureau said that in this regard a case under FIR No. 08, dated 08.06.2022 under Sections 420, 465, 467, 471, 120 B of IPC and 7, 7A, 13(1) (A), 13(2) of Prevention of Corruption Act, against three accused persons namely Harpal Singh of village Hasanpur, Fatehabad in Haryana, Salinder Singh of village Bishanpura, Zirakpur and Praveen Kumar village Khanpur, Kharar, SAS Nagar district have been registered at Police Station Vigilance Bureau, FS-1, Mohali and fake computer software being used by them as well as bogus stamps/seals have also been recovered. He revealed

that involvement of other concerned officers/employees would be ascertained during the course of investigation as these officials have been collecting lakhs of rupees daily which was not possible without the connivance of other concerned officers.

Giving more details of this scam he informed that around 2000 commercial vehicles as well as new chassis of commercial vehicles enter Punjab from outside the State daily. These vehicles have to pay tax for entering or passing through Punjab, which could be paid online by the driver/owner of the vehicle concerned or deposited with the staff posted at the said check

post. The spokesperson added that the officials Harpal Singh of village Hasanpur, Fatehabad in Haryana, Salinder Singh of village Bishanpura, Zirakpur and Praveen Kumar village Khanpur, Kharar, SAS Nagar district have been posted at the above mentioned RTA Check Post at Jharmari, SAS Nagar district on rotational basis. They have to collect due amount of tax after filling the requisite details, including registration number and type of the vehicle, in the e-Parivahan software of the Transport Department. He further added that it was mandatory to deposit this collected amount with the State Exchequer. However, these offi-

cial with the intent to usurp the money had developed a fake software similar to the original one and used it to collect taxes due from the commercial vehicles and generate bogus receipts for the owners/drivers of the vehicles. The spokesperson informed that the income thus generated was being pocketed by these accused since long causing a loss of lakhs of rupees to the State Exchequer.

"Not only this, they have also fabricated stamps/seals to be affixed on the receipts to convince the vehicle drivers/owners of the genuineness of the same," he added. He informed that during the investigation authenticity of two such fake receipts has been checked on the government's e-Parivahan software, which has been found to be bogus. In this way, these officials have been collecting lakhs of rupees daily which was not possible without the connivance of other concerned officers. He added that the involvement of other concerned officers/employees would be ascertained besides such softwares being used to deposit online taxes during the course of investigation.

## Drinking water woes mount in Shimla Municipal Corporation

**AGENCY**  
**SHIMLA, JUNE 8**

With increasing heatwave and sudden increase in tourist footfall crisis of potable water mounted in several area in Shimla Municipal Corporation having rationed water supply after a gap of three to four days.

The Totu unit of Shimla Nagarik Sabha has expressed strong anger over the supply of drinking water in Tutu area after three to four days. The civic body has warned that if water is not supplied and not restored they would lodge a protest and block the road with empty utensils at Totu Chowk. Nagrik Sabha convener Vijendra Mehra, said.

People of Tutu area and Shimla city are facing severe shortage and short supply of drinking water since last many days. He alleged that Water is being supplied to the public after a gap of three or six days. He

argued that despite charging exorbitant water bill every month, people should get enough water supply every day. He expressed surprise that the Municipal Corporation, which boasts of providing water to the public round the clock every day by forming Shimla Jal Management Corporation Limited, is not able to provide water to the people of Shimla Totu area for several days.

The condition of supply is pathetic in some localities. He said matter also figured in the high court recently in which SJPLN blamed erratic power supply and failure of transformer responsible for declining quantity of water required for the civic body.

He said this is like throwing dust in the eyes of the public as VIP colonies are getting regular supply.

Currently 38 to 40 MLD water is being supplied with the Municipal Corporation. He said why the supply of water was not being made proportionally in all the areas of Shimla city. This clearly shows the mismanagement of water supply by the Municipal Corporation as there is no shortage of water but the supply and distribution was faulty.

He said lack of coordination between Municipal Corporation Shimla, Jal Shakti Department, Shimla Jal Management Nigam Limited Company is also responsible for the problem. The absence of alternative arrangement of water supply with the Municipal Corporation and Jal Shakti Department shows the poor and disorderly functioning of the civic body. The civic body has been warned that if the drinking water system is not fixed, then the Nagrik Sabha would follow the path of agitation, he added.

## Electricity consumers will have to pay extra for forced use of imported coal in thermal plants: AIPEF

**BAHADURJEET SINGH**  
**RUPNAGAR, JUNE 8**

The electricity consumers in the country would share the burden of costly power due to the blending of imported coal with Indian coal as per the dictates of the Power Ministry. All India Power Engineers Federation (AIPEF) spokesperson V K Gupta said that the use of imported coal would increase the electricity tariff by 70 paise to one rupee per unit for the financial year 2022-23. This increase will be passed on to the consumer in the form of a quarterly fuel surcharge adjustment. The total additional cost burden on the states on account of imported coal would be in excess of Rs 24,000 crores. Gupta said that in the case of Haryana, the consumers may face a fuel surcharge adjustment of 90 paise per unit. Haryana has ordered 9 lakh metric tonnes (MT) of imported coal. Punjab has ordered 1.5 lakh MT Indonesian coal and has asked Coal India to import a balance coal quantity. He said that the NDA government has failed to anticipate electricity and coal demand after the covid pandemic, which has thrown the country into an unprecedented coal crisis. This is the second time in the last nine months the coal crisis has occurred and this may again happen during the monsoon. He said that in the backdrop of high power demand and insufficient coal supply, the Ministry of Power has unilaterally directed states to import coal without caring to take into account the technical implications of using imported coal in power plants.

## Railway station of Jandiala, lack of facilities, not even a drop of drinking water in summer season

**KULJEET SINGH**  
**JANDIALA GURU, JUNE 8**

Even though claims are being made by the railways to provide facilities to the passengers, but the reality of the small station is far from the claims. Jandiala is the main station on the Amritsar Jalandhar Railway route. Along with this station, apart from dozens of villages, Jandiala Guru city is also there. Which has earned its name in brass and copper utensils till UNESCO. But despite this, due to the convenience of railway passengers at this station, the

Railway Department Kumbhakarna was sleeping. Total Mail Express 7 trains stop here. There are total 2 platforms of this station. There are 2 fans on platform number 1, in which 1 fan is closed. While there is no fan on platform no. During the same summer, the water cooler for drinking water for

the passengers is also lying closed for 2 months. The drinking water tank is about 40 years old, which does not have potable water. Those who have taps on platform number 1 and 2 for drinking, only 2 out of 10 are running, which are not potable while the rest have dried up. Daily passenger Baldev Singh

resident Bhangwal, Joginder Singh resident Deep Mandi, Balkar Singh resident Devidaspura, Hardev Singh resident Jandiala, Surjit Singh, Dashmesh Nagar said that at this time the condition of this station has gone from bad to worse. Except for the train, there is no train ticket and no drinking water system. He said that we have written many times to the higher officials of the railways about this problem but no one listened to them. Railway personnel said that there is neither a cleaning worker nor any repair worker here.

Snapchat Creators say they earn more on Snapchat than other media platforms !

CHANDIGARH: Over the last few years, the Indian Snap Star community has grown extensively. Compared to other platforms, Snap creators have experienced tremendous growth on Snapchat platforms, for e.g., Mishi Jukka, content creator from Amritsar with 526K followers on Snapchat says "People usually wonder when I tell them that I am a full time creator and I'm not on Youtube. People usually turn to Youtube when they want to earn money. But I think that becoming a youtuber is extremely hard and it's even harder to monetize it. But that's not the case with Snap. I earn through Spotlight and it's been a wonderful experience for me."Agreeing with Mishi, Snap Star Ashish Bisht added "As someone who has worked in films and television, I can easily say that being an online creator is less struggle and more outcome. And as someone who looks for value in content, I do not appreciate videos getting viral because of famous audio clips on platforms like instagram, tiktok and moj. But with Snap that's not the case. The virality of the video depends on how valuable the content is."

5 Foods Rich In Antioxidants For Better Health

A diet high in antioxidants can help reduce the risk of heart disease, premature ageing, cancers and possibly depression and anxiety. Antioxidants are found in fruits, vegetables, nuts like almonds, and seeds and are known to neutralise free radicals in our bodies to boost overall health. According to research studies, people who eat generous amounts of antioxidant-rich food have increased protection against several diseases. It is important to get a variety of foods to make sure we stay healthy and the best way to do that is through a healthy, balanced, and varied diet. Our bodies naturally produce some antioxidants, but inclusion of certain foods is a good way to ensure you are getting enough antioxidants. Sheela Krishnaswamy, Nutrition & Wellness Consultant shares this list of antioxidant-rich foods that can be included in your regular diet. Rajma contains polyphenols that have health promoting properties and protect cells from oxidative stress. It is also a great source of protein and fibre and can be included in a diet targeting weight loss, digestive health, and other health concerns too.

Dark Chocolate

Dark chocolate has high levels of antioxidants with potential health benefits. This version of chocolate contains phytonutrients called flavonoids, and they that act as antioxidants

and may play a role in cancer prevention and heart health. It has been observed that the darker you go, the more antioxidants you'll get. Almonds Almonds are a good source of antioxidants, much of which is concentrated in the brown layer of the skin. Almonds are high in vitamin E, which acts as an antioxidant to support

pulmonary immune function. Nutrients in almonds also help in anti-inflammatory processes, and immune-enhancing activity. Apart from being a rich source of vitamin E, almonds are also a source of

15 nutrients such as magnesium, protein, riboflavin, zinc etc. Spinach Spinach is nutritionally dense loaded with vitamins, minerals, and antioxidants. It is incredibly low in calories and is a great source of lutein and zeaxanthin that help protect your eyes from damaging UV light and other harmful light wavelengths. Bananas Bananas are one of the most common fruits available in India and comprise of a good amount of fibre, carbohydrates, magnesium, and potassium. They help lower blood pressure.

In addition to these antioxidant-rich options, there are several other foods that can be consumed to increase the quantity of antioxidants in our body. It is always advised to consume natural antioxidants rather than supplements. Ensure a well-balanced diet throughout the day that will provide you with the required nourishment and antioxidants.

DCDC brings state-of-the-art Dialysis centre in Panipat

PANIPAT : Nearly 1 in 5 adults suffer from chronic kidney disease (CKD) in India. Every year about 2.2 lakh new patients of End Stage Renal Disease (ESRD) get added, resulting in an additional demand for 3.4 crore dialysis annually. Among the biggest challenges in managing the illness is last-mile

delivery, Bharat-India divide as penetration of dialysis centres is poor in rural areas, and a chronic shortage of reliable dialysis centres, nurses and technicians. To bridge the demand and supply gap, India's leading dialysis care provider DCDC, that runs one of the largest

networks of dialysis centres, opens a state-of-the-art dialysis centre in Panipat. DCDC currently operates in one private and one government hospital respectively at Panipat. Civil Hospital under government and Prem Hospital under private. At Panipat's Prem Hospital, the DCDC centre consists of nine Dialysis machines and 1 CRRT Machine, the first in Panipat. The unit has a separate isolation ward for patients suffering from contagious diseases, and guarantees hygienic and reliable dialysis at an affordable cost to all. A Nephrologist is available round the clock at the centre, and the staff at the centre is well trained and equipped to deal with any emergency.

Reliable dialysis centres are the pre-requisites for managing kidney disease, which is the sixth-largest growing cause of mortality globally. DCDC is the first and only standalone centre in India to receive NABH accreditation for dialysis treatment.

Says Aseem Garg, Founder and CEO of DCDC: "Quality dialysis is the only way to prolong life for ESRD patients.

Interactive session with journalist-author-translator Parbina held

CHANDIGARH: Penguin Random House in collaboration with four prominent book stores in Chandigarh organized an interactive session with journalist-author-translator Parbina Rashid. Rashid, who has recently translated Assamese writer Moushumi

milieu, Moushumi Kandali has successfully managed to highlight the issues that have been plaguing the modern-day Assamese society. The stories make one pause, think and debate about issues that range from racial discrimination against the people of North-East

Kandali's short stories for an anthology titled Black Magic Women, interacted with book lovers at Capital Book Depot, English Book Shop, Baharisons and Browser Book. The collection of ten short stories has been brought out by Penguin Random House under its Vintage imprint. Black Magic Women brings out a unique flavour of North-East. By bringing the characters out of Assam and placing them in the mainstream

to sexual harassment many a North-eastern woman is subjected to. "Most of these stories are inspired by real-life incidents such as Nirbhaya or stripping of an Adivasi woman on the street, which had a deep impact on me. Some of these were also triggered by incidents and narrations of the women and men from North East who had come out to the 'mainstream' India in pursuit of their dreams. The central theme of the book is about how we are perceived as 'other' by certain sections. With multiple concerns including gender issues, internal migration, racial discriminations to the dynamics of culture Industry, this collection is finally all about marginalised human existence and their suffering and survival at once," says Dr Kandali.

The curriculum transitions from teacher-led learning to child-led learning, from learning outcomes to competences, and from a teacher as an instructor to a teacher as a facilitator. This learning methodology will provide the young minds with an innovative curriculum and pedagogy which will help them in "immersive learning".

ACMA and Hero MotoCorp Collaborate for First-Ever EV Technology Expo

CHANDIGARH: The Automotive Component Manufacturers Association of India (ACMA), the apex body of the Indian auto component industry, and Hero MotoCorp, the world's largest manufacturer of motorcycles and scooters, today kicked-off a one-of-its-kind EV Technology Expo. The Expo will be held on 8th and 9th June, 2022 in Jaipur. Whist ACMA regularly organises tech-shows for OEMs, these have been largely in the conventional ICE domain. This is, however, for the first time, that ACMA is organising a tech-show dedicated to components of Electric Vehicles (EVs). Inaugurating the Expo, Dr. Arun Jaura, Chief Technology Officer (CTO), Hero MotoCorp, said "In line with our Vision - "Be the Future of Mobility", we are constantly working towards developing newer technologies that drive the mobility segment forward. The EV segment is a crucial part of this journey, and we are glad to be collaborating with ACMA to engage with supply chain ecosystem and provide them an apt platform to showcase their latest EV technologies."
