PM meets Sandeshkhali women victims, lashes out at Mamta govt

AGENCY  
NEW DELHI, MAR 6

Prime Minister Narendra Modi met the women victims of sexual assault in Sandeshkhali village of West Bengal on Wednesday," sources said. The sources further added, "They put forward their ordeal and the Prime Minister heard them patiently like a father figure. The victims were very emotional with the fact that the PM understood their pain". Tension rose in Sandeshkhali after hundreds of women on the island came out on the streets against Shahjahan Sheikh, accusing him of perpetrating sexual abuse and other excesses on them along with his henchmen.

After weeks of no action, on February 29 Trinamool Congress (TMC) leader Sheikh Shahjahan was arrested by West Bengal police after which West Bengal's Barishat Court remanded him to 10-day police custody. Following Shahjahan's arrest, the opposition Bharatiya Janata Party (BJP) claimed that he had been "put under the hospitality" of the state police in a bid to avoid arrest by the ED and the CBI. A large number of women in Sandeshkhali had accused Shajahan Sheikh and his close aides of "land-grab and sexual assault" under coercion. Earlier in the day, several women supporters of the party from Sandeshkhali

One of the women who was marching to Barasat said, "All our respect is gone and the way we got tortured we are going to say all this to our Prime Minister Narendra Modi and we wish to have Modi Ji by our side and help us." Another woman from Sandeshkhali said that they wanted to urge PM Modi to allow them to cast their vote without fear. "We are going to

PM Modi to urge him to ensure that we can cast our vote, justice for atrocities against women and peace," she said. These women who are making their way to attend PM Modi's rally said that they just want to live in peace and escape the tyranny of some politicians. "We want to live in peace. Haryana CM flags off bus of devotees from Karnal to Ayodhya

SHIV KUMAR SHARMA  
KARNAL, MAR 6

Haryana Chief Minister, Sh. Manohar Lal said that the state government has launched the Mukhyamantri Tirth Darshan Yojana under which pilgrims will be taken for darshan of Ayodhya, Sri Harmandir Sahib Sri Darbar Sahib, Takhat Sri Harimandir Ji Patna Saheb and Kashi-Vishwanath. The government has started a portal and will provide free travel facility to registered pilgrims through this portal. Around 700 pilgrims have already registered on the portal. The Chief Minister was interacting with the media after flagging off a bus of devotees travelling from Karnal to Ayodhya started under Mukhyamantri Tirth Darshan Yojana on Wednesday. Sh. Manohar Lal said that the registered pilgrims will be taken for darshan of Ayodhya, Sri Harmandir Sahib Sri Darbar Sahib, Takhat Sri Harimandir Ji Patna Saheb, and Kashi-Vishwanath. In addition to this, portals will gradually open for other pilgrimage sites so that those interested in visiting other places in the country can register. Currently, the facility is being provided free of cost for those earning less than Rs. 1.80 lakh annually and for people over 60 years of age. However,

there are requests from many people to provide some facilities to others as well by charging some amount or fees because group travel has its own joy, and this is being considered. The Chief Minister said that there was a struggle of 500 years to build a temple at the birthplace of Lord Shri Rama in Ayodhya, but finally, on January 22, Prime Minister, Sh. Narendra Modi did the Pran Pratishtha (consecration) of Shri Ramlalla in the newly built Shri Ram temple, enhancing the glory of the country. He said that people wanted to visit Ayodhya and see the Ram temple, so the Haryana government announced the Mukhyamantri Tirth Darshan Yojana in a planned manner, which was launched from the

holy land of Karnal on Wednesday, March 6. Around 52 devotees were sent to Ayodhya in the first bus. These devotees will stay overnight in Lucknow, where arrangements for their meals have been made, and then they will visit Shri Ram Temple in Ayodhya. After another overnight stay in Lucknow, the devotees will return to Karnal on March 8. Similarly, buses from different places and trains can also be booked if there is a larger number of devotees. On this occasion, MP, Sh. Sanjay Bhatia, MLAs, Sh. Harvinder Kalyan, Sh. Ram Kumar Kashyap, Director General, Information, Public Relations, Language, and Culture Department, Sh. Mandip Singh Brar, Deputy Commissioner, Sh. Anish Yadav and other dignitaries were present.

Sheikh Shahjahan handed over to CBI following Kolkata HC's directive

AGENCY  
KOLKATA, MAR 6

The Crime Investigation Department handed over the suspended Trinamool Congress strongman Sheikh Shahjahan, accused of extortion, land grab, and sexual assault in Sandeshkhali, to the Central Bureau of Investigation (CBI) on Wednesday, following the Calcutta High Court's directive. The CBI team arrived at Bhabani Bhaban Police Headquarters in Kolkata to take custody of Sheikh Shahjahan. Issuing a contempt notice to the West Bengal CID, the Calcutta High Court observed on Wednesday that an investigation into the attack on ED officials should be handed over to the CBI and the custody of accused Sheikh Shahjahan be done today. Calcutta High Court also observed that state police have played hide and seek in the matter. "The accused is a political influencer. The investigation should be handed over to the CBI and the custody of the accused by 4:15 pm today," the High Court said. The Bengal government earlier refused to hand over custody of Shahjahan to the

CBI despite a Calcutta High Court order Tuesday to the police's criminal investigation department, or CID.

Meanwhile, the West Bengal government on Wednesday sought an urgent hearing of its plea in the Supreme Court challenging a

Calcutta High Court order that directed a CBI probe into the Sandeshkhali matter pertaining to an attack on Enforcement Directorate officials in Sandeshkhali on January 5 this year. Earlier, Prime Minister Narendra Modi met the women victims of sexual assault in Sandeshkhali village of West Bengal on Wednesday, sources said. The sources further added, "They put forward their ordeal and the Prime Minister heard them patiently like a father figure.

Farmers begin march to Jantar Mantar amid heavy police deployment

SHASHI PAL JAIN  
NEW DELHI, MAR 6

The Delhi Police said that no permission was given to farmers to hold protests at Jantar Mantar and cited the February 26 directive that prohibited protesters from entering the site.

The development comes as farmers' organisations gave a call to farmers from across the country to reach the national capital on Wednesday to press forward their demands, including a legal guarantee on a minimum support price for crops. The call for farmers to reach Delhi on March 6 was

given three days ago by the Kisan Mazdoor Morcha (KMM) and the Samyukta Kisan Morcha (non-political) (SKM), the two main umbrella bodies leading the farmer's

agitation. Since they launched their 'Dilli Chalo' protest march on February 13, the farmers have been camping at the Shambhu and the Khanauri

Congress removes HP MLA Sudhir Sharma from AICC secretary post

AGENCY  
NEW DELHI, MAR 6

The Congress on Wednesday took strict action against Himachal Pradesh MLA Sudhir Sharma, who had cross-voted during the recently held Rajya Sabha elections and removed him from the post of AICC secretary. Giving this information, Congress General Secretary KC Venugopal in a statement said "party president Mallikarjun Kharge has removed Sudhir Sharma from the post with immediate effect". It is noteworthy that in Himachal Pradesh, six Con-

gress MLAs including Sudhir Sharma had cross-voted in the Rajya Sabha elections. Congress had appealed to the Assembly Speaker Kuldeep Singh Pathania to disqualify these MLAs due to anti-party activities.

Mann slams opposition for acting irresponsibly during debate on budget

SHASHI PAL JAIN  
CHANDIGARH, MARCH 6:

Terming that budget is not merely a booklet but it is a sacred document, the Punjab Chief Minister Bhagwant Singh Mann on Wednesday envisioned that the Budget 2024-25 will act as a catalyst for carving out a progressive, prosperous and vibrant Punjab. Taking part in discussions on Budget 2024-25 at the floor of Punjab Vidhan Sabha, the Chief Minister said that the budget presented on Tuesday was the best ever budget of the state. He said that in healthy democracy the suggestions and ideas of the elected representatives are always welcomed but undue criticism must to attract the attention of the media is unfortunate. Bhagwant Singh Mann said that the budget is not only a booklet but it reflects the commitment of the state government about the welfare of the people and growth of Punjab. The Chief Minister said

that it is not a compilation of facts and figures but it is the roadmap of progress and prosperity of the state. He said that people must come and join healthy politics adding that youth has to play an important role in transformation of the Indian polity. Bhagwant Singh Mann said that the credit of transforming the politics and bringing common man on the agenda of the political parties goes to Arvind Kejriwal. The Chief Minister said that instead of Sankalp Pattars or election manifestos, the political parties are now giving guarantees of welfare to the people. Bhagwant Singh Mann said that he had always been a votary of making the manifesto of any party into a legal document so that political parties may not dupe the common man. He said that people had been misled repeatedly by showing them achein or that I am chowkidar and now saying my parijan (family) adding that similarly anti-defection law has been misused.

Google Pay, PhonePe gain customers after RBI's curbs on Paytm

AGENCY  
NEW DELHI, MAR 6

Google and Walmart Inc. are rapidly gaining customers from Paytm, the fintech pioneer struggling to navigate central bank restrictions and the potential shutdown of a key payments affiliate. The value of Paytm payments made on India's state-backed transactions system fell 14% to 1.65 trillion rupees (\$19.9 billion) from January, the National Payments Council of India said on its website Wednesday. Walmart-owned PhonePe and Google's GPay, which both process far more payments than No. 3 Paytm, each had an increase in their payments value. Paytm's decline suggests consumers

are moving usage to alternative services even before any disruption to its systems. The new curbs affecting Paytm are kicking in on March 15, and even after that the company expects its digital payments services to keep running as before. Yet the firm's stock has slumped since the regulator unveiled its action in late January, on concern the restrictions will crimp the fintech pioneer's prospects. The value of transactions processed by PhonePe rose nearly 7%, while GPay witnessed an almost 6% rise, NPCI data showed. Also when measured by payments volumes, Paytm declined while PhonePe and GPay

advanced. Companies don't make any money on transactions on the state-backed sys-

tem, called Unified Payments Interface, but it provides them with a massive catchment of hundreds of millions of consumers to whom they can cross-sell services such as insurance and mutual funds. The Reserve Bank of India on Jan. 31 ordered Paytm Payments Bank - which isn't controlled by Paytm but which processes much of its payments and financial services - to halt much of its business. Though Paytm has quickly pulled together other bank partnerships to stay in business, the regulator's move triggered a sharp slide in its stock and hit consumer sentiment. Shares in Paytm are down almost 50% since late January.

Principal Budh Ram praises budget

were recruited. In this budget, the government has released a historic Rs 17000 crore for education. In which Rs 3100 crore has been given for the repair of schools. For the first time in this year's budget, a provision has been made to install internet in schools. In the next one year, about 12 thousand schools will be connected to the internet.

He said that during the last two years, the AAP government has provided a record number of government jobs. More than 40 thousand youth got government jobs and jobs of thousands of temporary employees working in various departments were regularised.

He said that this year the fiscal deficit was the lowest in the last several years at only

3.3 percent. Whereas in 2020-21 it was 4.25 percent. It was 5 percent in 2021-22 and 5.4 percent in 2022-23. There has also been a record increase in excise duty this year. This year the collection has increased to Rs 10350 crore as compared to Rs 4867 crore in 2019. This was possible because the Mann government is working honestly for the people of Punjab. Budh Ram held Congress and Akali Dal responsible for the debt of Punjab and said that the previous Congress government had left a loan of Rs 9000 crore on PSPCL which we had to repay. At the same time, we also have to bear the burden of the Akali government's CCL loan of Rs 31,000 crore. The governments of both the parties trapped Punjab in the debt's burden. He said that the Mann government has also done historic work in the field of agriculture. Canal water is being supplied to every field in Punjab. The Mann government ensured canal water even to those places where water had not been supplied for the last 30 years. This time too, the government has kept a fund of about Rs 2100 crore in the budget for schemes related to canal water.

GAGAN JAIN CHANDIGARH, MAR 6

Today, former BJP State President and former Mayor Chandigarh Arun Sood said that in Chandigarh, Mayor Kuldeep Kumar of Congress, Aam Aadmi Party thugbandhan, who does not have the right to hold the post even for a day due to being in minority in the corporation.

Efforts are being made to create the Mayoral office as his personal property. Photographs of Father of the Nation Mahatma Gandhi, Constitution maker Baba Saheb Ambedkar, President of India Mrs. Draupadi Murmu, Prime Minister Narendra Modi, Administrator Banwari Lal Purohit, City MP Kiran Kher used to be behind the mayor's chair in the office (which has a constitutional dig-

nity attached to it) for years. The mayor of Congress/AAP, due to his dirty thinking or political bankruptcy, has removed all the pictures from the wall except the picture of Baba Saheb and put them on another wall. This action of the mayor is very shameful. The Mayor probably does not remember that Baba Saheb Ambedkar is the heritage of the entire nation, and as part of a conspiracy, the Congress Party and the Aam Aadmi Party have made a shameful attempt to discriminate and divide Baba Saheb and other national leaders in the country. The mayor does not understand anything about the development of the city, he only knows the cheap politics of pictures, which he has learned from his national convenor Arvind Kejriwal.

Editorial

Unsuitable vacancy

On the night the Congress's Himachal Pradesh government was brought to the brink by a revolt in the legislature party — the revolt remains in ferment and the government, the only toehold the Congress has in the north, is yet to be secured from the brink — an email floated into my inbox. It was from one of those who set up Rahul Gandhi's hugely voter-intensive engagements in foreign locations and its timing was as odd as it was unsurprising. Quoted verbatim, this is what the mail said: "Rahul delivering as I send this the keynote address at a Global Leadership Summit at Jesus College, University of Cambridge." Attached came a photograph of Rahul Gandhi at a lectern.

The question sprung up, like the irrepressible jack-in-the-box, yet again: is he the man who'd have us believe he will see off the authoritarian, cultist, divisive majoritarianism of Narendra Modi? He symbolises a pack of good, even noble, ideas, but is he committed to give them bone, blood and body?

Last seen and heard, Rahul Gandhi was on the second chapter of his yatra somewhere in Bihar where the dice had just turned courtesy a no-longer surprising turncoat act by Nitish Kumar. Last seen and heard, Rahul's spokesperson-in-chief was telling whoever wanted to listen that the unravelling of the Bihar Mahagathbandhan would have no impact on the political fortunes of INDIA. Last seen and heard, INDIA had neither instituted a central secretariat in Delhi, a promise properly buried, nor bothered to push the refresh button on the active membership of INDIA — who's still part of it, who isn't any longer. We hear of a rally planned mid-March in Mumbai but not much more. The BJP's first list of candidates is out. Is a final INDIA arrangement on shared seats in place? Between who and who? Is Mamata Banerjee's Trinamul Congress, for instance, on board? The answer could be yes, the answer could be no. A precise answer, it turns out, is a question: who knows?

There was a time that question had a credible, tangible answer. No longer. We shall come to that answer a little tangentially, though not entirely off context. Late last month, the Congress ceded the Bharuch Lok Sabha seat to the Aam Aadmi Party as part of an election tie-up. The Bharuch exchange meant more than just one parliamentary seat given up for another elsewhere. Bharuch is where the late Ahmed Patel came from. Bharuch is where his son, Faisal Patel, wanted to contest on a Congress ticket from. The Patel scions — Faisal and sister Mumtaz — took the spurning in their stride, expressing no more publicly than "disappointment". But other Patel loyalists took it hard. Close aide and five-term Lok Sabha MP (currently in the Rajya Sabha) Naran Rathwa left the Congress along with son, Sangramsinh Rathwa, and joined the Bharatiya Janata Party.

Hearing relaxing words in sleep slows your heart down

Researchers from the GIGA - Centre of Research Cyclotron at the University of Liege discovered that the body reacts to the external world when sleeping, which explains how sensory input might alter sleep quality.

Researchers at ULiege have collaborated with the University of Fribourg in Switzerland to investigate whether the body is truly disconnected from the external world during sleep. To do so, they focused on how heart-beat changes when we hear different words during sleep. They found that relaxing words slowed down cardiac activity as a reflection of deeper sleep and in comparison to neutral words that did not have such a slowing effect. This discovery is presented in Journal of Sleep Research and sheds new light on brain-heart interactions during sleep.

Matthieu Koroma (Fund for Scientific Research - FNRS postdoctoral researcher), Christina Schmidt and Athena Demertzi (both Fund for Scientific Research - FNRS Research Associate) from the GIGA Cyclotron Research Center at ULiege teamed up with colleagues from University of Fribourg to lead a previous study analysing brain data (electroencephalogram) showing that relaxing words increased deep sleep duration and sleep quality, showing that we can positively influence sleep using meaningful words.

By that time, the authors hypothesized that the brain also remains able to interpret sensory information in a way that makes our body more relaxed after hearing relaxing words during sleep. In this new study, the authors had the opportunity to analyze cardiac activity (electrocardiogram) to test this hypothesis and found that the heart slows down its activity only after the presentation of re-

laxing, but not control words. Markers of both cardiac and brain activity were then compared to disentangle how much they contributed to the modulation of sleep by auditory information. Cardiac activity has been indeed proposed to directly contribute to the way we perceive the world, but such evidence was so far obtained in wakefulness. With these results, the ULiege researchers showed that it was also true in sleep, offering a new perspective on the essential role of bodily reactions beyond brain data for our understanding of sleep.

"Most of sleep research focuses on the brain and rarely investigates bodily activity", says Dr. Schmidt.

"We nevertheless hypothesize that the brain and the body are connected even when we cannot fully communicate, including sleep. Both brain and body information need then to be taken into account for a full understanding of how we think and react to our environment", explains Dr. Demertzi. "We shared freely our methodology following the principles of Open Science hoping that the tools that helped to make this discovery will inspire other researchers to study the role played by the heart in other sleep functions", Dr. Koroma advocates.

This work offers a more comprehensive approach about the modulation of sleep functions by sensory information. By looking into the cardiac responses to sounds, we may, for example, study in the future the role of the body in the way sounds influence emotional processing of memories during sleep.

Over 96,000 Afghan migrants returned to country in one month

The Taliban-led Ministry of Refugees and Repatriation has said that more than 96,000 migrants from Iran, Pakistan, and Turkey have returned to Afghanistan in a month, according to TOLONews.

The ministry noted that assistance has been provided to all returnees.

"In the month of Dalw (January), 96,490 migrants came from Pakistan, Iran, and Turkey. We have committees, at the borders they are given travel allowances, food and non-food assistance, and winter clothes, and they are transferred to their original provinces [states]. Each family is given ten thousand in cash assistance," said Abdul Rahman Rashid, the deputy minister of the Ministry of Refugees and Repatriation, according to TOLONews.

Concurrently, some of the repatriated migrants are requesting that the Taliban provide them with employment possibilities.

Payinda discussed the challenges of migration after returning to the nation with his seven-member family from Pakistan. "They would rob us of our money. We came to Afghanistan because we were unable to travel freely or visit the doctor," he remarked. Millions of people have been compelled to flee the nation due to the hostilities of recent years.

"They took my husband, and later my husband called to say that he had been imprisoned, after four days I went and said give us three days, we will leave from here," said Nazanin, one of the returnees from Iran. "The government should provide job opportunities so that no one goes back to Iran again and all of us can progress our lives in our homeland," another returnee, Khairudin said, according to TOLONews.

Lady clara vere de vere

Lady Clara Vere de Vere, Of me  
You shall not win renown; You  
thought to break a country  
heart For pastime, ere you went to

I saw the snare, and I retired:

You are not one to

Lady Clara Vere de  
Vere, I know you  
proud to bear your

Researchers find how obesity is a risk factor for stillbirth

According to a study, obesity raises the risk of stillbirth as a pregnancy approaches full term. The study's conclusions were released in the Canadian Medical Association Journal, or CMAJ.

In Canada, the overall risk of stillbirth during pregnancy is roughly 0.4%. "Our findings suggest that an earlier delivery date may help reduce the risk of stillbirth for pregnant people with obesity," says lead author Dr. Naila Ramji, an assistant professor at Dalhousie University and high-risk pregnancy specialist in Fredericton, New Brunswick. Senior author Dr. Laura Gaudet, an associate professor at Queen's University and high-risk pregnancy specialist, and coauthors at The Ottawa Hospital round out the group.

Although the link between obesity and stillbirth is well-known, there was little research on the association between obesity and stillbirth risk by gestational age, or on the impact of higher classes of obesity.

To address this gap, the researchers analyzed data from the Better Outcomes Registry and Network on 681 178 singleton births, 1956 of which were stillbirths, in Ontario between 2012 and 2018. After adjusting for other stillbirth risk factors like diabetes and high blood pressure, the researchers found that people with class I obesity (BMI 30-34.9 kg/m2) had double the risk of stillbirth at 39 weeks' gestation compared to those with normal BMI (18.5-24.9 kg/m2). For those in obesity classes II and III (BMI 35-39.9 kg/m2 and BMI 40 kg/m2 and higher, respectively), stillbirth risk at 36 weeks was 2 to 2.5 times that of people with normal BMI. This risk further increased with gestational age, with a more than fourfold risk at 40 weeks.

"For other medical conditions that increase the risk of stillbirth, there are guidelines that recommend delivery at 38 or 39 weeks. Interestingly, the risk thresholds for those conditions are lower than the risks we found associated with obesity. We worry that implicit biases against people with obesity may be causing the medical community to take the risks they face less seriously," says Dr. Ramji. The authors also looked at whether stillbirths occurred before or during delivery and found a higher risk of stillbirths occurring before delivery in people with class I and II obesity.

They hope that these findings will improve care for this at-risk population. "Pregnant people with obesity, especially those with additional risk factors may benefit from timely referral and greater surveillance closer to term, and the presence of additional risk factors may warrant earlier delivery," said Dr. Ramji.

"Focusing on weight during communications of risk may reinforce weight bias, weight stigma, and discrimination for pregnant people," writes Dr. Cahill, a registered dietitian. "Negative weight-related attitudes, beliefs, assumptions, and judgments prevalent in society, and harmful social stereotypes that are held about people living with obesity, are associated with adverse physical and mental health consequences." She ends by saying that pregnant people living with obesity "....should receive respectful prenatal care, free from stigma, that realizes the goals of both health care providers and patients to ensure positive maternal and fetal outcomes."

Chaos among farmers, labourers and traders in state: Surjewala

SHIV KUMAR SHARMA KARNAL, MAR 6

Haryana's BJP JJP government has betrayed and cheated the farmers. A conspiracy has been hatched to rob the farmers and labourers of their aspirations. Indian National Congress General Secretary and MP Randeep Singh Surjewala issued a statement from Kaithal saying that today the farmers, laborers and businessmen of Haryana are going through a lot of trouble. 23 lakh acres of agricultural land has been damaged in Haryana due to unseasonal hailstorm rains on March 2 and March 3. But like every time, this time too instead of providing relief to the farmers, the BJP-JJP government is entangling them in the "jazz of portals".Surjewala said that in the month of June-July this year, corners of Haryana including Guhla

Cheeka, Kurukshetra, Shahbad, Ambala, Yamuna Nagar. Around 12 districts and 1000 villages were affected by the flood, around 30 people died, thousands of people had to leave their homes and villages and seek shelter elsewhere. More than 3,50,000 acres of agricultural land was affected by floods in the entire state. Hundreds of thousands of cattle were swept away in the floods. Thousands of farmer's tube wells were destroyed.

Thousands of houses were submerged. All the goods and farming equipment of the village poor and farmers were destroyed. But till date the BJP-JJP government has neither given compensation to the farmers of the flood affected areas nor taken any notice of those farmers. In fact, the crop was planted again in that flood affected area and today when it was ripe, the ruthless and dictatorial BJP-JJP government had even stopped the procurement in the markets.

Randeep Singh Surjewala accused the BJP-JJP government and said that 10 years of neglect and negligence of the Khattar government is responsible for the plight of the farmers. If the CM and Deputy CM were walking on the road instead of flying, for 10 years, then the state of Haryana would not have had to see these days.

Story of Shiv Mahapuran recited on fourth day by Praveena Bharti

MEGHRAJ LUTHRA KACHHWA: In the story of the fourth day of Shiv Mahapuran in Shri Krishna temple village Kachhwa, Sadhvi Ms. Praveena Bharti the disciple of Divya Guru Shri Ashutosh Maharaj the founder and director of Divya Jyoti Jagrati Sansthan, said that these five elements were lust, anger, greed, attachment and ego. These were directed to operate the universe in a balanced manner. But today's humans have become extremists and have drowned in these. She explained each element and told about it to the devotees. Reciting a Chaupai, she said that 'As long as lust, anger, pride and greed are in the mind, both Tulsi and Pandit are fools, both are equal'. Regarding Lord Shiva, Sadhvi said that Shivatva was a mysterious element. In the words of great poet Kalidas, Na Santi Yathathryavid: Pinakin: That was, no one could know the true essence of Pinak-dhari Shiva. But as it has been said - only you know your Leela, and no one else should. Therefore only Shiva himself can explain the Shiva element. It was He who appears again and again and makes this rare element of His accessible. It is this corporeal form of his that is greeted by the name Guru. Therefore, when Shiv Shankar himself incarnates in physical form as a Guru, then only he can reveal his Shivatva. This also proves that the Guru who imparts the knowledge of Shiva is the actual form of Shiva. That's why in technology, each letter of the word Guru has been interpreted in this way - Gakar means knowledge, Rek means Tatvyang and Ukar means Shambhu, that is, the beneficial power in the form of Shambhu which illuminates Shivatva by giving Brahmagyan is Guru.
