SDM Karandeep conducts surprise inspection at water treatment and disposal plant

SUKH NAHAR
JAGRAON, FEB 19

SDM Jagraon Karandeep Singh conducted a surprise inspection at Disposal plant built nearly 50 years ago and water treatment plant built 13 years ago at Disposal road. The inspection was conducted in the presence of EO Sukhdev Singh Randhawa, Sukhmandir Singh Grewal and others. The contract workers explained SDM that the water treatment plant was established in 2012 for purifying water for agricultural use and til 5 years, teh machineries were repaired and brought in use but after 12 years, they are not even repairable and needs to be replaced.

They said that despite the fault in machinery, the water is made usable for irrigation while EO informed that the water is used in surrounding 5 villages for irrigation but they had no answer when SDM asked for names of these villages. It is worth mentioning that the machinery, which was installed by the government at the cost of crores of rupees to treat wastewater for agricultural use, has never provided any treated water to the crops in the 13 years it has been in operation.

Even after being cleaned, the water, which was supposed to be used for irrigation, ended up mixing with the drainage and sewage systems, becoming contaminated again. Again, when EO was asked to name the villages, he dodged the question. The said disposal plant too was established 45 years ago for better drainage system in the city but the population of city has been increased at 3% after that but the capacity of disposal plant remains unchanged. It is notable that no attention has been paid to the maintenance of the plant. Talking about the same, EO said that a project has been passed for drainage of water during monsoon from Kamal Chownk and Mandi and the work shall begin as soon as they get funds from the government.

SHIMLA, FEB 19

Revenue Minister Jagat Singh Negi and Public Works Minister Vikramaditya Singh have termed the statement made by Union Minister of State for Railways, Ravneet Singh Bittu, as misleading and factually incorrect. In a statement issued today, both ministers stated that the initial estimated cost of the Bhanupalli-Bilaspur rail line was around Rs. 3,000 crore, with the central government committed to providing 75 percent of the funding and the estimated cost of land acquisition was pegged at Rs. 70 crore. The Ministers pointed out that the overall cost of constructing the rail line has now more than doubled to over Rs. 7,000 crore. Additionally, the cost of land acquisition has surged to Rs. 1,100 crore, while the Union Government has out rightly refused to provide more than Rs. 70 crore for this purpose. As a result, the entire expenditure on land acquisition is being borne by the State Government. Jagat Singh Negi and Vikramaditya Singh further said that, since 1st March, 2023, the present State Government has contributed nearly Rs. 300 crore to the Rail Vikas Nigam Limited for railway development projects in Himachal Pradesh. This contradicts the claims made by the Union Minister of State for Railways, as his statements are not based on facts. The Ministers said that the Railway Ministry's website publishes the annual Pink Book, which lists railway construction projects planned for a financial year. However, the latest Pink Book has not been uploaded yet, making it impossible to verify the claim that Rs. 11,806 crore has been allocated for Himachal Pradesh.

The ministers clarified that this amount is not a special grant but merely a budgetary estimate. They said that in 2021-22, against an allocated budget of Rs. 1,289 crore for the Bhanupalli-Bilaspur rail line, only Rs. 325 crore was spent. While in 2022-23, out of Rs. 1,289 crore, only Rs. 730 crore was utilized and in 2023-24, until the Union Budget was presented, only Rs. 936 crore was spent out of the allocated Rs. 1,289 crore. They said that over the past three years, only Rs. 1,991 crore has been spent against a total budget of Rs. 3,867 crore. These figures show that Union Minister Bittu's statement lacks factual accuracy. The Ministers also emphasized that these budgetary provisions are made for all States, and Himachal Pradesh has not received any special favour. On the contrary, certain other States have been granted significantly higher financial assistance for railway projects. Jagat Singh Negi and Vikramaditya Singh also pointed out that between 2014 and 2024, Himachal Pradesh received much less financial support from the central government compared to Uttarakhand. They criticized the Union Minister for failing to mention that such financial assistance is part of centrally sponsored schemes, which are not a favour but a constitutional right of the people of Himachal Pradesh.

Government committed to strengthen healthcare sector

DINESH AGARWAL
SHIMLA, FEB 19

The State Government, under the leadership of Chief Minister Thakur Sukhvinder Singh Sukhu, has taken a significant step to strengthen the healthcare sector by granting full salary to MBBS doctors pursuing postgraduate studies or specialized training in India or abroad. Previously, doctors on study leave received only 40 percent of their salary, which was discouraging them from advancing their medical education. These doctors balance patient care responsibilities with their educational commitments, which was vital for both their professional growth and the state's healthcare system. By ensuring full pay during study leave, the government aims to support doctors in balancing their educational aspirations with their professional responsibilities. This move would enhance the quality of medical training, encourage specialization, and ultimately improve healthcare services across the state. Once these doctors complete their higher studies, they would serve in government health institutions, contributing to a more advanced and well-equipped healthcare system in Himachal Pradesh. The present state government has prioritized healthcare by launching various initiatives to provide specialized medical services within the state. Significant investments have been made to procure advanced medical equipment for medical colleges, reducing the need for patients to seek treatment outside the state. Super-specialist doctors and MDs would play a crucial role in strengthening healthcare services, ensuring better patient outcomes and making quality medical care more accessible to the people of Himachal Pradesh.

Himachal Ministers accuse Centre of bias, demand Rs. 9,000 crore NPS funds

DINESH AGARWAL
SHIMLA, FEB 19

Industry Minister Harshwardhan Chauhan and Technical Education Minister Rajesh Dharmani have said that the Central government is continuously discriminating against Himachal Pradesh. They said that many Ministers of the state government have repeatedly met the ministers of the Central Government and put forth the issues concerning the state, but the people of Himachal Pradesh got nothing except assurances.

He said that in the first Cabinet meeting, the state government restored the old pension scheme for 1.36 lakh NPS employees of the state. Unhappy with the decision, the central leadership of BJP on the advice of its state unit leaders imposed several financial restrictions on Himachal Pradesh. After implementing the old pension scheme, the Center made a huge cut in the loan limit of Himachal in order to pressurize our government to roll back OPS. "Rupees 9,000 crore of the state under NPS is lying with the Center and our government has repeatedly requested to the Centre to return our rightful share," said the Ministers.

With regard to the OPS, the top leadership of the state has met the central leaders several times and demanded the return of this amount in the interest of the employees and the state. They said that no positive response has been received from the Centre in this regard so far. "Instead of returning the NPS deposits, the Central Government is continuously sending letters to the state to bring the employees back under the purview of NPS or UPS," the Ministers added.

They said that in the year 2023, an unprecedented natural disaster struck Himachal Pradesh. Despite the massive scale of the disaster, loss of life and property across the state, the Government of India did not provide any help to the people of the state for relief and rehabilitation works. The central team itself undertook a Post Disaster Need Assessment (PDNA) and gave an estimate of Rs. 9,042 crore to the state due to the disaster. But the Centre has disregarded the interests of Himachal Pradesh to such an extent that even after more than two years, not even a single rupee has been provided to the state.

BJP in Turmoil: Internal rift deepens as leadership battle heats up

AJAY KUMAR UPADHYAY

BILASPUR: HRTC Purchase Committee Director and Former State Congress Media Coordinator Sandeep Sankhyan launched a scathing attack on the BJP's internal conflict, claiming that the party is on the brink of open rebellion. He asserted that instead of playing the role of a responsible opposition, BJP leaders are engaged in a fierce power struggle, sidelining public concerns. Sankhyan likened the race for BJP's state president post to the legendary rivalry of the Kauravas and Pandavas, stating that the distribution of tickets for the 2027 elections is turning into a battle of supremacy within the party. He remarked that speculations are rife about BJP National President Jagat Prakash Nadda's role in this internal conflict, as factions within the party fight for control. He further alleged that BJP's Gujarat lobby leaders have spent more time lobbying in Delhi than focusing on the state's development, while the party's constant criticism of the state government's economic policies is merely a political gimmick to mask its own management failures. According to Sankhyan, the BJP is so divided that even holding a joint press conference seems impossible. He highlighted the power struggle between the state BJP president and the leader of the opposition, where both leaders compete for influence rather than presenting a united front.

Mamata Banerjee has insulted faith of Hindus by calling Maha Kumbh as Mrityu Kumbh: Chandra

SHIV KUMAR SHARMA
KARNAL, FEBRUARY 19

As the Prayagraj Maha Kumbh is entering its final phase, a huge crowd of devotees has started gathering. People are flocking to the holy banks of Sangam to take a bath. At the same time, politics has also started heating up on this issue. Many such statements have come from the opposition leaders regarding Maha Kumbh, due to which the battle has started intensifying. The most recent case is related to West Bengal Chief Minister Mamata Banerjee. She has called the organisation of Maha Kumbh as 'Mrityu Kumbh'. Now a controversy has arisen over her statement. However, she is not the only opposition leader who has made such a comment. Lalu Yadav, Mallikarjun Kharge and many other political stalwarts have given such statements. But sooner or later, these statements of theirs have been weighing heavily on them.

After Mamata Banerjee's latest statement, BJP leaders have hit back at her and said that it has been the history of opposition leaders to attack the faith of Hindus. Subhash Chandra, Executive Vice Chairman of Swachh Bharat Mission Haryana, said in Karnal today that CM Mamata Banerjee's comment on Maha Kumbh is condemnable. She has called it 'Mrityu Kumbh', so I want to ask her that the way Hindus are being killed in West Bengal, girls are being raped, doctors are on strike for a long time, she is not able to handle Bengal. You will comment on people's faith, but not on these issues.

In a country with a population of 140 crore, more than 60 crore people are taking a holy dip in Maha Kumbh and you are calling it 'Mrityu Kumbh'. This is very sad and for this she should apologise to the entire Hindu society. If you have the courage, then make similar comments about any other religion. If she has to fight a battle, then fight a political battle, do not try to play with the faith of Hindus otherwise she will get a befitting reply. Subhash Chandra said that Mamata does not have the courage to fight the BJP, hence she is venting her frustration on the Sanatanis, which is not a good thing.

This milestone marks a major step forward in advanced cancer care at the institute, bringing world-class treatment closer to patients in the region. The patient, diagnosed with Stage IIB cervical cancer, underwent External Beam Radiotherapy (EBRT) before being assessed for brachytherapy. This highly sophisticated procedure was executed on February 14, 2025, by the Radiation Oncology team, including Dr. Priyanka Thakur (Associate Professor), Dr. Niketa Thakur (Assistant Professor), and Dr. Hardik Sharma (Senior Resident). Anaesthesia support was provided by Dr. Vijayalakshmi, Additional Professor and Head of Department, ensuring the patient's safety and comfort throughout the procedure. The radiation was precisely administered using a High Dose Rate (HDR) Flexitron machine with Iridium-192 isotope, maximizing treatment efficacy. Brachytherapy is a gold-standard treatment for cervical cancer and is also widely used for breast, head & neck, esophageal, prostate, and soft tissue cancers. The successful implementation of this procedure at AIIMS Bilaspur marks a new era in regional cancer care, reducing the need for patients to travel long distances for highly specialized radiation therapy.

An oriental mela

Amidst the euphoria about the Mahakumbh, which commenced mid-January, an insight compels us to reason with a historical question. How much does the Kumbh conceal in the revelations that hog the electronic, print and social media? Arguably, the Kumbh that is associated with the mythological sagar manthan — the churning of the ocean by gods and demons — demands from us a further churning in our understanding. The Kumbh, this piece argues, has been an orientalist object from time immemorial.

The orientalism of the Kumbh derives from the sacred mythological tales inscribed in the ancient texts, astrological determination, and the various stakeholders in it. An exceptionally enigmatic, astrological, celestial conjunction called kumbhyog occurs once in 12 years. In ancient times, there were 12 such astrological occasions but they have now been restricted to only four according to celestial and astrological calculations. The four Kumbhs are held at an interval of 12 years at Prayag, Haridwar, Ujjain and Nasik during the lunar month of Magh. A purna Kumbh that occurs after a total of 12 purna Kumbhs — after 144 years — is deemed to be a Mahakumbh.

But the Mahakumbh of 2025 is not just about scriptural and astrological injunctions. As the reels and shorts on social media reveal, it is also about a new orientalism. In the images of an IITian baba, a former actress taking to an ascetic role, the cabinet of a state government and India's political bigwigs bathing at the sangam, there is a reaffirmation of the exotic, a rise of neo-orientalism.

A modern historian such as Kama MacLean reflected on the colonial and the post-colonial popularity of the Kumbh saying, "Kumbh Mela was applied to Allahabad's extant Magh Mela in the 1860s by Prayagwals (river pandas, priests) of Prayag (Allahabad) working upon and within the limits imposed by the colonial state and its discourses." The colonial conceptions of Hindu sanatan dharma and its associated festivals were deeply informed by the orientalist imagination. This depicted India in the double register of awe and horror, a Hegelian object of desire as well as a Hobbesian object of disorder. The Kumbh is a concrete manifestation of this double register of orientalism. The enchanting exoticism of the Kumbh centralises the mythological tales, practices of penance and renunciation, varieties of asceticism, the akhadas and sadhus. But it also amounts to a fear of disorder that had compelled various regimes of power in history to put a system of surveillance and control.

Russia, US agree on key principles for resolving Ukraine conflict

Russian Foreign Minister Sergey Lavrov on Tuesday held talks with US Secretary of State Marco Rubio, and other officials, focussing on a broad range of issues, including the situation in Ukraine, with both sides expressing a commitment to resolving the conflict and addressing its root causes.

After more than four hours of talks in Saudi Arabia, the US and Russia agreed on four key principles, Rubio said on Tuesday. These include appointing a high-level team to help "negotiate and work through the end of the conflict in Ukraine" in a way that's "acceptable to all the parties engaged," CNN reported.

However, Ukrainian President Volodymyr Zelenskyy, who was not part of the discussions, stated that Ukraine would not "give in to Russia's ultimatums" and emphasised that he would refuse to sign any agreement made without Ukraine's participation.

In a post on X, the Russian Foreign Ministry wrote, "FM Sergey #Lavrov and Presidential Aide Yury #Ushakov held talks with Secretary of State @SecRubio, National Security Adviser @michaelgwaltz, and US Special Envoy to the Middle East @SteveWitkoff. The Sides agreed to establish #RussiaUS dialogue." The Russian Foreign Ministry

However, Ukrainian President Volodymyr Zelenskyy, who was not part of the discussions, stated that Ukraine would not "give in to Russia's ultimatums" and emphasised that he would refuse to sign any agreement made without Ukraine's participation.

in a press release on Russia-US consultations said, "The participants discussed a broad range of issues, including prospects for normalising bilateral relations.

The sides agreed to appoint respective ambassadors as soon as possible, and to start consultations at the level of deputy foreign ministers to remove restrictions on activities of the diplomatic missions of the two countries."It added, "The sides exchanged views on the situation surrounding Ukraine and reiterated their mutual commitment to settle the conflict.

The Russian side emphasised the importance of eliminating the root causes of the conflict, creating proper conditions for achieving a lasting and enduring peace, and ensuring security and legitimate interests of all countries in the region. An agreement was reached to continue joint work in this area through special envoys to be appointed in the near future."Both nations also agreed to resume communication channels to discuss other international issues, being mindful of Russia and the United States' special responsibility in matters of peace and security as nuclear powers and permanent members of the UN Security Council. The interest in continuing joint work to prepare the meeting between the Russian and American presidents was confirmed.

Beijing objects to India-China borderline on map in textbooks of Bangladesh

China objected to the India-China borderline on the map in the textbooks of Bangladesh, the Chinese envoy in Dhaka said on Tuesday.

"We do find that some of the maps and related information published in the textbooks and some official websites contained some incorrect references to China, like the province, Hong Kong special administrative regions, as well as some incorrect markings on the borderline between China and India," Yao Wen, Chinese Ambassador in Bangladesh, said at a news conference.

"We have called the government authority of Bangladesh about it. I want to say that 'one-China policy' is the political foundation for all the countries in the world including Bangladesh. There is a universal consensus in the international community. Taiwan and Hong Kong are part of China's territory," he added. "I believe our suggestions are also supported by the Bangladesh government," Wen said. Bangladeshi officials have refused to comment publicly on the matter. However, an official on condition of anonymity said that China objected as the borderline on the map coincided with India's position.

"The map in the textbook has been like this for many years. After many years, China objected this time. We will maintain the status quo regarding the boundary line," the Bangladeshi official said. However, Bangladesh believes in the 'one-China policy.' "If there is anything on the map that is inconsistent with the One China policy, we will correct it," a Bangladeshi official told ANI over the phone.

Mariana in the South

With one black shadow at its feet, The house thro' all the level shines,
Close-latticed to the brooding heat,
And silent in its dusty vines:

Tennyson

A faint-blue ridge upon the right,
An empty river-bed before,
And shallows on a distant shore,
In glaring sand and inlets bright.

But "Aye Mary," made she moan,
And "Aye Mary," night and morn,
And "Ah," she sang, "to be all alone,
To live forgotten, and love forlorn."

Arjun Kapoor expresses his excitement for 'No Entry 2'

Actor Arjun Kapoor, who worked with director Anees Bazmee in the 2017 romantic-comedy film, 'Mubarakan', is excited to team up with him again for 'No Entry 2', also starring Varun Dhawan and Diljit Dosanjh in key roles.

While expressing his excitement, he said, "Comedy is a genre that we all enjoy as an audience watching in theatres. Agar aap logon ko hansa sake, issey achi koi feeling hoti nahi (If you can make people laugh, there's no better feeling than that). I have done action, drama, and comedy as well. Mai Anees bhai ke saath 'Mubarakan' kar chuka hu aur ab mauka mil raha hai fir sees umeed hai jald chalu hoga..will share more details later but yes I am looking forward to doing more comedy.." The 2005 'No Entry', which was also directed by Bazmee, was a massive success upon its release in 2005. The film, which starred Salman Khan, Anil Kapoor, Fardeen Khan, and an ensemble cast including Bipasha Basu, Lara Dutta, and Esha Deol, became a major hit.

The film's storyline centred around three married men hiding their extramarital affairs from their wives.

After showing his action avatar in 'Singham Again', actor Arjun is all set to show his hilarious side in the upcoming rom-com film 'Mere Husband Ki Biwi', also starring Bhumi Pednekar and Rakul Preet Singh.

During the film promotion of his film in the Capital, he opened up on the title of the film, saying, "It is a very unique title. When I heard the script, the title was the first thing that caught my attention, as I thought it was very interesting. When you watch the film, the title will seem appropriate from both the girls' point of view as one is the ex, and the other is the future."

Mudassar Aziz, who earlier helmed projects like 'Khel Khel Mein' and 'Pati Patni Aur Woh', has directed 'Mere Husband Ki Biwi'.

Kapoor added, "He (Mudassar Aziz) has seen a Marathi show and he took the inspiration for the title from there only."

'Mere Husband Ki Biwi' also stars Dino Morea, Harsh Gujral, Shakti Kapoor, and others.

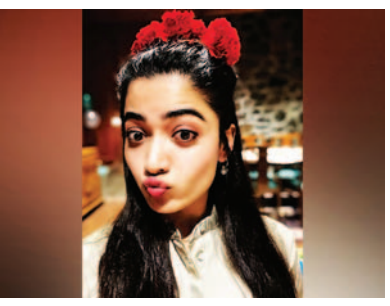

Rakul praised Harsh for his dedication and shared how he learned the hook step of the song "Ikk Vaari. "The hook step of the song was a little bit complicated, and it was not simple. So, while we all three were rehearsing, he was standing in the corner and looking at us and recording it. The entire night, he practised it inside his room, and the next day, when we started the shoot, he did it perfectly. I have not seen such dedication and fire."

Rakul and Bhumi also talked about their bond on the sets.

Arjun also expressed his willingness to make epic films: "Recently, I saw the trailer of Chhaava, and definitely, I would love to do such an epic, period, and larger-than-life drama and use my physicality for such films."

Excited about the film, Aziz in a press note said earlier, "As a filmmaker, I've always believed in telling stories that entertain, and leave audiences of all ages smiling. I believe such films that endure and make for repeat viewings."Mere Husband Ki Biwi is a film that celebrates the quirks and complexities of romantic relationships. I've always been one for wholesome entertainers--movies that bring friends and families together, make them laugh, and give them something to talk about. That's exactly what we've aimed for with this film," he said.

From emotions to expression: On International Mother Language Day, Zee TV actors share heartfelt stories about their native languages

CHANDIGARH: Language is more than just a tool for communication—it is the soul of our identity, the guardian of our culture, and the truest reflection of our emotions. International Mother Language Day reminds us of the deep connection we share with our native tongue—the language in which we think, feel, and express ourselves most naturally.

Through our mother language, stories are passed down, traditions are preserved, and emotions find their purest form. Celebrating linguistic diversity is not just about recognizing different languages; it is about embracing the comfort, confidence, and sense of belonging that comes with speaking one's own. On this special occasion, Abhishek Malik from Jamai No. 1, Aishwarya Khare from Bhagya Lakshmi, Aarya Babbar from Jagriti – Ek Nayi Subah, Rajshree Thakur from Bas Itna Sa Khwaab, Hemnagi Kavi from Kaise Mujhe Tum Mil Gaye, and Sachin Parikh from Vasudha share their deep love for their mother languages and the role they play in shaping their identity.

Abhishek Malik who essays the role of Neel in Zee TV's Jamai No. 1 said, "Punjabi isn't just a language, it's my home, my heart, my heritage. I still remember how, as a child, I would listen to my grandparents telling me folktales in the most rhythmic Punjabi, their voices filled with warmth. My parents would often play Gurdaas Maan's authentic Punjabi soulful songs, and his lyrics made me fall in love with the language even more. Even today, no matter where I am, hearing 'Ki haal aa?' or 'Veeray' makes me feel instantly connected to my roots. Whenever I visit Punjab, I make it a point to have a sit-down conversation with my elders in our language, it's my way of keeping the tradition alive."

Aishwarya Khare who essays the role of Lakshmi in Zee TV's Bhagya Lakshmi said, "Hindi is the language of my emotions and the national language of our country, making it even more special. The lullabies my mother sang, the bedtime stories my father told me, and the way my friends and I would recite Hindi poetry in school, it all shaped my love for the language. I remember winning my first debate competition in Hindi, and that confidence still carries me today. Even on set, speaking Hindi dialogues feels natural, like second nature. It's the language that has shaped my identity, and I take immense pride in it."

Aarya Babbar, who essays the role of Kalikant Thakur in Zee TV's Jagriti-Ek Nayi Subah said, "For me, Punjabi is more than just a language—it's emotion, music, legacy, celebration, and an entire way of life. I grew up listening to my father's stories in pure, unfiltered Punjabi, and today, I have the privilege of bringing that cultural richness to my work in Punjabi cinema. Every dialogue, every song, and every film is a tribute to the soul of Punjab. Even when I travel abroad, meeting a fellow Punjabi and exchanging a simple 'Sat Sri Akal' brings a sense of belonging. On this day, I urge everyone to speak their mother tongue proudly, ensuring that future generations cherish its beauty. Let's keep our language alive, not just in words but in our hearts and daily lives." Rajashree Thakur, who essays the role of Avani in Zee TV's Bas Itna Sa Khwaab said, "Marathi is not just my mother tongue; it's the voice that shaped me. Long before I stepped into acting, I was a Marathi newsreader at All India Radio. The feeling of announcing news in my mother language on a national platform was overwhelming.

I truly believe that speaking in one's native language is a matter of pride, and it is our responsibility to ensure that our heritage continues to thrive. Let's take pride in our roots and pass them on with love and respect."

Hemangi Kavi who essays the role of Bhavani in Zee TV's Kaise Mujhe Tum Mil Gaye said, "My journey in the entertainment industry has been interesting, involving diverse roles. On screen, I have explored a few languages, but Marathi holds a special place in my heart. I still remember performing my first-ever play in Marathi during college—I was nervous, but the moment I delivered my first dialogue, I felt a sense of belonging.

The 'Stree 2' actor took to his Instagram to share the teaser of his upcoming rom-com.

The film also marks his first collaboration with Wamiqa Gabbi.
